## PROFILE

Looking to establish a career in the field of Computer Science, I wish to work in a growth-oriented company and contribute to the development of the organization while upgrading my skill set and knowledge.

## PROJECTS

2019 - 2020  
JAVA, MYSQL

### HOSPITAL MANAGEMENT SYSTEM:

The project is built for hospital staff to manage medical records of patients. The user can add, view, access and modify patient records.

2020-2021  
HTML, BOOTSTRAP,  
JAVASCRIPT, PHP,  
MYSQL

### TRAVEL AND TOURISM WEBSITE:

The main objective of developing this project was to create a website for travel, from which user can get the complete details of tour and travel such as visiting spots, booking details and also the user can submit their contact details.

2020 - 2021  
PYTHON

### VIRTUAL ASSISTANT:

Through this voice assistant, we have automated various services using a single voice command. It eases most of the tasks of the user like searching web, play music, opening your code editor and send emails on your behalf.

## PROFESSIONAL SKILLS
